

IN THE CLAIMS

Please amend claims 37, 38, 41, 102 and 114 as follows. A marked-up copy of the claims, showing the amendments made, is attached hereto as Attachment I.

h/m X1

37. (Thrice Amended) The vending machine of claim 32, further comprising:
at least one mechanism selected from the group including data storage unit, programmable
audio-video message storage unit, laser-disc, read-write CD-ROM, read only memory recording
medium, magnetic media and diskette for storage of data and recording, storage and playback of
audio and video signals,

wherein a customer is enabled respectively to upload and download audio and video signals
from and to said mechanism to and from websites and home pages, and to send and receive data
from and to said audio-video mechanism to and from other data transmitters or receivers.

38. (Thrice Amended) The vending machine of claim 37, further comprising:
a camera connected to a computer for generating video signals; and
a microphone connected to a computer for generating audio signals, wherein said
microphone generated audio and camera generated video signals are recorded alone or in
combination with already recorded audio and visual signals by said at least one mechanism.

41. (Amended) The vending machine of claim 40, wherein said at least one audio-
video mechanism is selected from the group consisting of data storage mechanism, laser-disc, read-

write CD-ROM, and diskette, whereby said signals are recorded by said at least one audio-video mechanism and dispensed to the customer.

102. (Twice Amended) The vending machine of claim 78, wherein the computer displays a homepage or website, together with information from an Internet provider.

114. (Amended) A method of providing a customer with access to the Internet via a vending machine, said method comprising:

- 1.) providing a vending machine;
- 2.) assembling a computer in the vending machine, said computer being operatively connectable to the Internet and websites;
- 3.) allowing access to the Internet and websites to a customer, said access comprising at least one of inserting money or credit card information into the vending machine and customer input of data to the computer.
